CURRICULUM EXCELLENCE

We would like to extend an **open invitation to Headteachers and Senior Leaders** to join us on Wednesday, 13 November at Barnham Broom Hotel to explore and share thinking about curriculum excellence. Hear about how our curriculum partnership, CUSP, is **supporting schools in improving outcomes in Norfolk**.

Whether you are an existing CUSP partner school or are simply curious about the work that we are doing, **we'd love to see you**. Although the materials were developed for schools in the Unity Schools Partnership, we have been pleased to share them with 650 schools nationally and internationally.

This event will include considerations about **curriculum design and pedagogical excellence**, as well as considerations about how we respond to a changing national landscape. Alex Bedford and Lauren Meadows will facilitate the morning, with opportunities for **reflection, connection and discussion**.

We very much hope that you can **join us**.
