CURRICULUM EXCELLENCE

IN A CHANGING NATIONAL LANDSCAPE

Bromsgrove
June 13th, 2025
9am-12.30pm

Email to book:
culp@unitysp.co.uk

We would like to extend an **open invitation to Headteachers and Senior Leaders** to join us at this **free event** to explore and share thinking about how we can navigate the challenges of a changing national landscape to continue to deliver curriculum excellence. Hear about how our curriculum partnership, CUSP, is **supporting schools in improving outcomes for children.**

Whether you are an existing CUSP partner school, are curious about the work that we are doing or are simply looking to collaborate with local colleagues, **we'd love to see you.** Although our curriculum materials were developed for schools in the Unity Schools Partnership, we have been pleased to share them with 650 schools nationally and internationally.

This event will include considerations about **curriculum design and pedagogical excellence**, as well as considerations on how we respond to a changing national landscape. CUSP's Curriculum Development Director Alex Bedford and Implementation Adviser Claire Kilgour will facilitate the morning, with opportunities for **reflection, connection and discussion.**

We very much hope that you can join us. Email culp@unitysp.co.uk to book.
