

COMMIT TO PURCHASE

CURRICULUM with Unity Schools Partnership (CUSP)

DESIGN TECHNOLOGY

To enable schools to plan and use the CUSP resources we ask that you:

1. tick to acknowledge you have read and understood each statement below
2. sign and return this commit to purchase agreement and honour the following terms:

- A. CUSP materials to be used ONLY by the purchasing school and by staff employed at the named school. They must not be shared with staff in other schools.
- B. The school will NOT publish or distribute CUSP resources online or in any digital or paper format.
- C. If you are part of a MAT or Trust, ONLY the purchasing school may use the materials.
- D. The website www.unity-curriculum.co.uk will provide access to all Learning Modules, CPD and resources. Access is for staff at the school signing the agreement only. You agree to delete staff, when they leave the school, from your CUSP account as part of due diligence procedures.
- E. You agree to the reasonable terms and conditions that will be sent shortly.
- F. CUSP resources are designed to support and improve teaching and learning. We do not claim the resources alone will improve outcomes.
(You need great teaching and an excellent curriculum to improve outcomes)

This is an interim arrangement, based on goodwill, to help you access the CUSP resources. On return of this agreement you will receive information from our team with access codes or account activation details. If you subscribe to our Curriculum Partnership already, the addition of this subject will be seamless.

I understand that there will be a very small annual fee to maintain website access and updates. This will be charged one year from the date of subscription. If you subscribe to CUSP already, then this will automatically continue at no extra cost.

Name of school(s) and pupils on roll (per school):

Headteacher or _____ Purchase Order No: _____
Executive Headteacher
